“Pig Project” of Hope Children’s Home, Myanmar

By: Rebecca P.

Since the beginning of 2016, we have been praying to raise at least two pigs. Our aim is that the animals may not only provide some income and food for our Hope Home, but they will also give the children the opportunity to learn about animal care and responsibility. Once those pigs are full grown, they can be sold for twice their original price. The children were quite excited about the prospect. Since the “Monsoon Switch” apparently was flipped and the sky was sunny again, we decided to build a pigpen. Praise the Lord God who provided the money to buy 3 piglets to raise one month later. Soon we heard the sounds of oinking, along with the children’s laughter.

The children of Hope Children’s Home enjoy their new “three little pigs”!
